**Editorial of Disfranchisement.**  
I have always considered advertising as a business, and I have made it an invariable rule, too, to advertise in the fullest terms, a long experience having taught me that money thus spent is not laid out, as by keeping my business continually before the public, has secured me many sales that I otherwise would have lost.

**Republican Economy.**  
The Congressional Appropriation Bill has already been reduced by the Committee of Ways and Means, half a million dollars below the estimates of the Treasury, and in the same way it is anticipated the others may be treated, effecting in all a saving to the country of several millions.

**The noted "California Street Preacher."** Rev. W. Taylor, will visit our place within the next week, and give our citizens an opportunity to hear him on next Sabbath morning, at 10 o'clock, at the M. E. Church. He is said to be somewhat eccentric, yet a very effective revivalist, and has done much in California and the older States to raise the standard of morality and christianity. Go and hear him.

**Patton & Montgomery continue to favor us with papers, &c.**  
The Board of County Commissioners adjourned on Wednesday last, after a session of three days.

**There are fifty-three cases on the criminal docket, to come before the ensuing Term of the Common Pleas Court, to be held on the 19th inst.**

**We should be pleased to offer our thanks to all the regular packets for papers, but only being favored by the H. D. Mears and Ohio No. 2, cannot do so.**

**The latest news from Columbus is, that a resolution has passed both branches of that body to adjourn on the 24th inst., to meet again on the first of January, 1861.**

**Rev. L. S. Twombly, J. W. Prall and V. A. Plants were appointed delegates from Meigs County to attend the State Temperance Convention to be held on the 14th inst., at Columbus, Ohio.**

**Peter's Magazine.**  
For April comes up to its former standard of elegance and excellence. We have no more welcome exchange than Peter's, published at 306 Chestnut street, Philadelphia, by Charles J. Peterson, at \$2.00 per year, in advance.

**Matrimonial Freight.**  
The Ohio No. 3 is certainly a very popular craft with the young folks, as on her last trip down she was honored with no less than nine newly married couples who were on their way to the "Queen of the West" to spend a portion of their honeymoon.

**J. F. Towell, of Portsmouth, who connects a Wholesale Dry Goods House, presented us with a lot of his choice threads. It is decidedly not inferior to any thread in this market, and those who have used it pronounce it much superior. This house should receive the patronage of our merchants, as it is the most convenient wholesale market, and it stands to reason that goods can be sold cheaper in Portsmouth than in larger cities, where rents, &c., are much higher.**

**MEIGS COUNTY AGRICULTURAL ASSOCIATION.**  
The officers and Directors met at the Court-House on Saturday last, for the purpose, we believe, of selecting grounds upon which to hold the next Fair.

**Efforts were made by the citizens of Middleport, Racine, and of the section of country known as the "Flat Woods," to secure the location of the Fair at those respective places. We did not learn the inducements offered by Middleport, but understand that Racine proposed to raise \$500 in cash, and procure two hundred new members to the Association, and to lease ten acres of ground at fifty dollars per year as inducements to procure its location at that point.**

**The "Flat Woods" proposition had not been much thought of till the day on which the Board met, and the friends of this locality had not canvassed the matter sufficiently to ascertain what other inducements than their central position and beautiful grounds to offer.**

**The Board, after fully considering the above, with other localities we did not hear of, decided in favor of Racine, and concluded to hold the next Fair at that place.**

**With the liberal premiums which this Association usually offer, and the energy and enterprise of the citizens of Racine combined, the next County Fair promises to be superior to any ever before held in this County, other advantages being equal.**

**Narrowed Down.**  
Complaints have been made to us ever since taking charge of the Telegraph, of its occasional failure to reach subscribers, when we were confident of having mailed the paper. A complaint was entered three or four weeks ago, by one of our Middleport subscribers, and as we had counted on the package after waiting the names, were very certain we could not be mistaken. But we did not think proper to expose the political trick, (if such it is called,) and hoped the thing would not recur again. But last week another complaint was entered by a different person, who informed us that the Postmaster at that place said it did not come there. We will just say that we know it was mailed, as the papers were counted three times after mailing, once by myself and twice by the one who mailed them, and found to correspond with the names on our book. Where does the fault then lay? It is narrowed down between the Pomero and Middleport Postmasters, and it is not at all probable that Mr. Lee, of the Pomero office, would take the pains to extract a paper from a tightly-packed bundle. We do not wish to charge that the act was purposely perpetrated, but from carelessness, or some other cause, the paper has not been delivered, and we leave it to the Postmaster to correct.

**J. R. Williams, who is so well known in this locality as the "Old Missionary," delivered an effective discourse on the subject of Temperance, on Sunday afternoon last, to the largest audience we ever saw in the Court-House. Many were unable to gain admission, and went away much disappointed.**

**THE "GOOD OLD TIMES" REVIVING.**  
There are but few who resided on or near the Ohio River between Pittsburgh and Cincinnati, at the time when the "Old Line" was in operation, but recall with pride and pleasure the prosperity and enterprise that at that time existed within the whole scope of country embraced in this trade, and have ever since hoped for the re-establishment of this line. Circumstances opposed against the movement, and the line went down. Communication with Pittsburgh has ever since been considered incomplete. It has, in fact, been removed practically, much farther from us than Baltimore, Boston, New York or Philadelphia. Our merchants, and business men generally, would prefer a trip to any of these cities than to take an inferior transient boat to Pittsburgh.

**As a consequence many of our merchants who formerly dealt largely in Pittsburgh have sought other markets easier of access, till now it is a rare circumstance to hear of a bill of goods being bought in that market.**

**While Pittsburgh may have extended her trade in other localities by the construction of Railroads, we cannot concede that it was policy for that place to withdraw or cease to offer inducements to keep up the natural communication with this and other localities, where they already had a vast commercial interest.**

**There is not, to-day, along the line of any of the Railroads leading out of Pittsburgh, the natural wealth and invested capital, possessed by the Ohio River towns and cities. And, beside this, the Railroads had to be built at a cost of uncomputed thousands of dollars to the citizens of Pittsburgh, while the resources afforded by nature are wholly neglected and left to take care of themselves.**

**It is very certain that railroads cannot compete with boats in the transmission of freight, and passengers, all prefer the latter. Then, by an united effort on the part of Pittsburgh, a good line of boats could be established and sustained in the trade, with a proper degree of economy, and we confidently hope for this result, although it may be a year or two before it is accomplished.**

**These remarks suggested themselves to us, not for the first time, however, by a note from the officers of the H. D. Mears, requesting us to change their card so as to include "Pittsburgh and intermediate points" in this trade. This boat was built for the Wheeling and Cincinnati trade, but it was found that her speed far exceeded the expectations of her owners, and it was deemed expedient to embrace the whole upper end of the Ohio within her trade. Her officers are "good among the best," and the boat "fast among the swift." J. C. Jolly is her Captain, and W. G. Battelle, her Clerk. Her time of passing Pomero is on Sunday afternoon, going up, and on Thursday afternoon, going down. Don't fail to remember the Mears, and our word for it, you'll be "satisfied."**

**During the past week, the corn sales here have reached the amount of five thousand, eight hundred and thirty bushels, all delivered at the river. Of this amount, 2,325 bushels sold at 45 cents, 1,500 at 40 cents, and a lot of 1,805 bushels, in canal boat, at 39 cents. Prices are low and business in this quarter is not very active. The corn reported above was purchased for the Distillery at New Richmond, O., and has been shipped for that point.**

**LEAVENWORTH, March 9.**—As some emigrants for Pike's Peak, are already arriving, it is urged upon others not to start before May, as the subsistence on the plains prior to that will be scarce, both for man and beast.

**The Legislature of Kentucky, during its recent session, established five new counties under the names of Maffitt, Metcalfe, Boyd, Webster and Wolfe.**

**Cincinnati Market.**  
FLOUR.—There was a brisk demand for this article, and prices for superfine advanced fully 10c per bushel; the higher grades are unchanged and firm; the sales comprise 1900 bushels at \$9.00 per bushel, and \$5.75 per bushel for extra and 1500 bushels superfine to be delivered in April, at \$6.75.

**GROCERIES.**—The market is unchanged. Coffee is firm, with a good demand, at 13c and 12c; for choice 13c is obtained in the regular way. Molasses very dull, and some parcels of prime offered at 4c, without finding buyers. In the regular way 4c and 4c are the rates charged. Sugar dull, and prices tending down. Sales of 100 bushels at 7c 7/8. Good is selling at 8c.

**Wheat.**—The demand continues good, with light receipts. Prices are firm at \$1.20 for prime white, and \$1.25 for prime red. Corn.—Ear Corn is in good demand, and prices are firm at 40c for prime fully and 39c for fair to good. Sales 150 bush at 40c.

**Oats.**—The market is steady, with a fair demand at 4c 1/4. Sales 600 bush, in bulk, at 4c 1/4; 500 bush, in sacks, at 4c 5/8; 500 bush, in bulk, do extra large, at 11c.

**Butter.**—We have no change to notice in the market, and quote it dull and heavy at 11c for Central Ohio, and 10c for W. R. at 10c; 200 do summer cured at 10c; 25 boxes do extra large at 11c.

**Apples.**—The market is fair, with a good local and shipping demand. The receipts continue light. We quote fair to choice at \$2.50 @ 3.00 per bushel.

**Potatoes.**—The demand for the prime qualities continues good. The poorer qualities are dull, and a good many offering. We quote prime Northern at \$2 per bushel, and the poorer qualities at \$1.40 @ 1.75 per bushel.

**Seced.**—Clover is dull and unchanged, sales 25 bush at \$1.50. Timothy is in fair demand at \$1.60 per bush, for fair to choice.

**THE FOLLOWING WORDS WERE GIVEN TO APPLICANTS at the Examination of Teachers on the 3d inst. The other branches we published last week. The result of the whole Examination follows:**  
**ORTHOGRAHY.**—Hesitancy; Mistake; Malversation; Comparatively; Shepherd; Process; Successorship; Dependence; Multitudinous; Depositaries.

**There were present one hundred and two applicants—thirty males, and seventy-two females—of whom thirty-one received certificates; one withdrew, and seventy were rejected. Of the certificates issued, there were two for eighteen months, eighteen for twelve months and eleven for six months. Sixty-four of these applicants were under the age of twenty years, and four were natives of other States than Ohio.**

**By order of the Board.**  
W. H. LASLEY, Clerk.

**The Right Kind of Talk.**  
The Portage County Republican Convention resolved, "that we deem the name of Salmon P. Chase an eminently suitable one to stand as a candidate for the Presidency; but while we present him as our first choice, we hold ourselves ready to heartily support the regular nomination whoever he may be."

**Chicago Election.**  
CHICAGO, March 6.—The municipal election to-day, passed without any disturbance or consequence. The vote polled was large, probably reaching eighteen thousand. The returns indicate the election of the entire Republican ticket by from four to seven hundred majority.

**MARRIED.**
